1. Corporate governance at Woodside

Woodside is committed to a high level of corporate governance and fostering a culture that values ethical behaviour, integrity and respect. We believe that adopting and operating in accordance with high standards of corporate governance is essential for sustainable long-term performance and value creation.

This Statement reports on Woodside's key governance principles and practices. These principles and practices are reviewed regularly and revised as appropriate to reflect changes in law and developments in corporate governance.

In 2019, the Board expanded the scope of the Nominations Committee to incorporate corporate governance functions. The newly expanded Nominations & Governance Committee assists the Board in discharging its responsibilities on matters relating to the Company's corporate governance policies and practices. Further details of the Nominations & Governance Committee is provided on page 14.

Woodside's corporate governance model is illustrated below. The Woodside Management System (WMS) describes the Woodside way of working, enabling Woodside to understand and manage its business to achieve its objectives. It defines the boundaries within which Woodside employees and contractors are expected to work. The WMS establishes a common approach to how we operate, wherever the location.

The company, as a listed entity, must comply with the Corporations Act 2001 (Cth), the ASX Listing Rules, and other Australian and international laws.

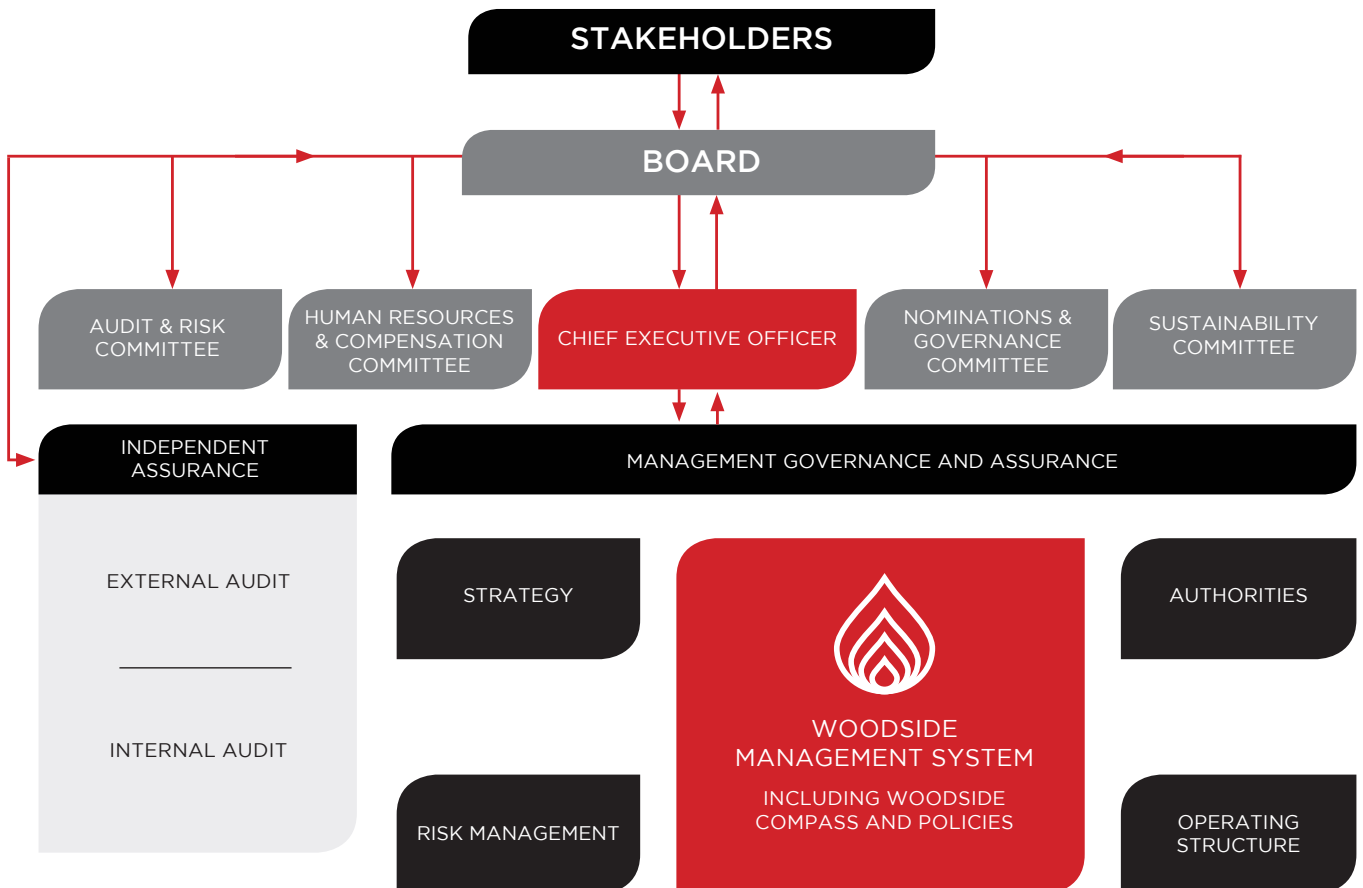

The ASX Listing Rules require the company to report on the extent to which it has followed the Corporate Governance Recommendations contained in the ASX Corporate Governance Council's Principles and Recommendations. Woodside has early adopted the fourth edition Corporate Governance Principles and Recommendations (ASXCGC Recommendations) which were released in February 2019. Throughout the year, Woodside complied with all the ASXCGC Recommendations.

A checklist cross-referencing the ASXCGC Recommendations to the relevant sections of this Statement, the 2019 Annual Report and Sustainable Development Report is provided on pages 23-26.

Information on Woodside's governance framework is also provided in the Corporate Governance section of Woodside's website.

The website contains copies of Board and committee charters and copies of many of the policies and documents mentioned in this Statement, which form part of the WMS. The website is updated regularly to ensure it reflects Woodside's most current corporate governance information.

Woodside's Compass is core to our governance framework and is provided on page 3. It sets out our mission, vision and strategic direction and core values of integrity, respect, working sustainably, working together, discipline and excellence. The Compass is the overarching guide for everyone who works for Woodside. Our values define what is important to us in the way we work.

THE WOODSIDE COMPASS

We have overcome some incredible challenges to be where we are today. Now, we draw on that pioneering spirit as we embrace the opportunities ahead.

WHO WE ARE

We are an Australian company with a global outlook, resilient, determined and courageous.

We believe that by doing what's right, by living our values every day, we can perform to our very best.

WHERE WE'RE GOING

We strive for outstanding results, clear on our aims and dynamic in our approach.

HOW WE WILL GET THERE

We are open, honest and fair. We do what we say we will do.

EXCELLENCE

We achieve great results. We learn. We get better.

We have the courage to do the right thing.

OUR MISSION

To deliver superior shareholder returns.

OUR VISION

Our aim is to be a global leader in upstream oil and gas.

OUR STRATEGIC DIRECTION

Maintain unwavering focus on maximising our base business, building the value of our portfolio and growing our market.

WE INNOVATE

We seek ways to continuously improve, always striving for better outcomes. We are solution-focused, exploring fresh ideas and embracing new ways of working.

WE COLLABORATE

We work together, combining our distinctive capabilities to deliver the best possible result.

We aim to be the partner of choice wherever in the world we operate.

WE ACCELERATE

We take decisive action in line with our business priorities and our values. We are agile, acting swiftly to achieve outstanding results.

2. Board of directors

2.1 Board role and responsibilities

The Constitution provides that the business and affairs of the company are to be managed by or under the direction of the Board. The Board has approved a formal Board Charter which details the Board's role, powers, duties and functions. Other than as specifically reserved to the Board in the Board Charter, responsibility for the management of Woodside's business activities is delegated to the Chief Executive Officer (CEO) who is accountable to the Board. The Board Charter and the delegation of Board authority to the CEO are reviewed regularly.

The central role of the Board is to set the company's strategic direction, to select and appoint a CEO and to oversee the company's management and business activities. In performing its role, the Board is committed to setting a high standard of corporate governance to drive sustainable corporate performance and to meet good market practice and stakeholder expectations.

In addition to matters required by law to be approved by the Board, the following powers are reserved to the Board:

- + the appointment and removal of the CEO, any other executive directors and the Company Secretary and determination of their remuneration and conditions of service;
- + approving senior management succession plans;
- + approving significant changes to organisational structure;
- + authorising the issue of shares, options, equity instruments or other securities;
- + authorising borrowings, other than in the ordinary course of business, and the granting of security over the undertakings of the company or any of its assets;
- + authorising expenditures which exceed the CEO's delegated authority levels;
- + approving strategic plans and budgets;
- + approving the acquisition, establishment, disposal or cessation of any significant business of the company;
- + approving dividends;
- + approving annual and half-year reports and disclosures to the market that contain or relate to financial projections, statements as to future financial performance or changes to the policy or strategy of the company;
- + approving policies of company-wide or general application;
- + appointing the Chairman of the Board;
- + appointing directors who will come before shareholders for election at the next annual general meeting (AGM); and
- + establishing procedures which ensure that the Board is in a position to exercise its powers and to discharge its responsibilities as set out in the Board Charter.

2.2 Board composition

The Board is currently comprised of nine non-executive directors and the CEO. Details of the directors, including their qualifications, experience, date of appointment and independent status, are set out in Table 1 on page 6. The Constitution provides that the company is not to have more than 12, nor less than three directors. Detailed biographies are available in the Annual Report 2019 on pages 48-51.

The Board and its committees actively seek to ensure that the Board continues to have the right balance of skills, knowledge, experience and diversity necessary to direct the company in accordance with high standards of corporate governance and to oversee Woodside's management and business activities.

The key activities of the Board undertaken during the year include:

- participating with management in an annual Board Strategy Day to review Woodside's corporate strategy and providing input and guidance;
- monitoring management's execution of strategy;
- monitoring the performance of business units and key assets and functions including Exploration, Development and Operations;
- overseeing financial performance and key metrics;
- taking a Final Investment Decision for the Sangomar and Julimar-Brunello Phase 2 projects;
- overseeing the award of four contracts for front-end engineering design activities for the proposed Scarborough Project;
- undertaking a site visit to some of Woodside's key operations;
- engaging in the Board and director performance evaluations;
- attending director professional development sessions including seminars and engaging in educational presentations on industry related matters and new and emerging developments with the potential to affect Woodside;
- reactivating the Dividend Reinvestment Plan for the 2019 interim dividend which will remain in place until further notice;
- satisfying itself that management has developed and implemented a sound system of risk management and internal control; and
- reviewing key corporate governance policies and practices to ensure a robust corporate governance system.

 The Board Charter is available in the Corporate Governance section of Woodside's website.

In assessing the composition of the Board, the directors have regard to the following principles:

- + the Chairman should be non-executive and independent;
- + the role of the Chairman and the CEO should not be filled by the same person;
- + the CEO should be a full-time employee of the company;
- + the majority of the Board should comprise directors who are both non-executive and independent; and
- + the Board should represent a broad range of qualifications, diversity, experience and expertise considered of benefit to the company.

The directors on the Board collectively have a combination of skills and experience in the competencies set out in Table 2 on pages 6-8. These competencies and the extent to which they are represented on the Board are set out in the skills matrix that the Board uses to assess the skills and experience of each director and the combined capabilities of the Board, as well as any professional development opportunities that may benefit directors. Annually, the directors complete a self-assessment questionnaire and the collective level of each skill and competency is disclosed as 'High competence', 'Practised' and 'Awareness'.

The skills matrix is reviewed annually and updated regularly to ensure it remains appropriate for Woodside's strategy, operations and risk and any other emerging issues. In 2020, key changes to the disclosure include visual representation of the strength of each skill collectively represented by the Board and more detailed disclosure on the specified areas of expertise with accompanying descriptions. This is outlined in the updated matrix in Table 2 found on pages 6-8.

Approach to Board Composition

The Board considers that collectively the directors represent the skills, knowledge and experience necessary and desirable to direct the company. The non-executive directors contribute operational and international experience, an understanding of the industry in which Woodside operates, knowledge of financial markets and an understanding of the health, safety, environmental and community

and other sustainability matters that are important to the company. The CEO brings an additional perspective to the Board through a thorough understanding of Woodside's business.

The Board supplements its expertise with internal and external subject matter experts as appropriate (for example, regular attendance at Board meetings by relevant executives). The directors on the Board represent a diverse range of nationalities and backgrounds.

Current Board Composition

Ms Swee Chen Goh was appointed to the Board in 2019 and commenced as a non-executive director on 1 January 2020. Ms Goh has significant global experience, having worked for a variety of organisations in the oil and gas, consumer goods and IT industries across Singapore, Malaysia, the Netherlands, USA, Japan and China. Notably, Ms Goh served as Chairperson of Shell companies in Singapore. Ms Goh's detailed biography is set out on page 50 of the Annual Report 2019.

Ms Goh's appointment bolsters the Board's collective representation and understanding of 'Business Strategy' and 'International Experience', specifically in Asia, 'Community Relations' and 'People and Culture'.

There are three women on the Board. The Board recognises that opportunities exist to consider diversity upon future retirements of non-executive directors.

Section 2.6 on Board succession planning provides further information on the mix of skills and diversity the Board seeks to achieve in membership of the Board.

Figure 2 - Board representation of skill and competencies

2.3 Chairman

The Chairman of the Board, Mr Richard Goyder, is an independent, non-executive director and a resident Australian citizen.

The Chairman is responsible for leadership and effective performance of the Board and for the maintenance of relations between directors and management that are open, cordial and conducive to productive cooperation. The Chairman's responsibilities are set out in more detail in the Board Charter.

 The Board Charter is available in the Corporate Governance section of Woodside's website.

Mr Goyder is also chairman of Qantas Airways Limited. The Board considers that neither his chairmanship of Qantas Airways Limited, nor any of his other commitments (listed in the Annual Report 2019 on page 49), interfere with the discharge of his duties to the company. The Board has arrangements in place to ensure ongoing leadership if unforeseen circumstances mean Mr Goyder is not available. Mr Goyder's office is located in the company's headquarters in Perth, Western Australia. The Board is satisfied that Mr Goyder commits the time necessary to discharge his role effectively.

2.4 Director independence

The independence of a director is assessed in accordance with Woodside's Policy on Independence of Directors.

 The Policy on Independence of Directors is available in the Corporate Governance section of Woodside's website.

In accordance with the policy, the Board assesses independence with reference to whether a director is non-executive, not a member of management and is free of any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the independent exercise of their judgement.

In making this assessment, the Board considers all relevant facts and circumstances. Relationships that the Board will take into consideration when assessing independence are whether a director:

- + is employed, or has previously been employed, in an executive capacity by the company or another Group member, and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- + is, represents, or has been within the last three years an officer or employee of, or professional adviser to, a substantial shareholder of the company;
- + receives performance-based remuneration (including options or performance rights) from, or participates in an employee incentive scheme, of the company;
- + is, or has been within the last three years, in a material business relationship with the company or another Group member, or an officer of, or otherwise associated with, someone with such a relationship;

- + has close personal ties with any person who falls within any of the categories described above; or
- + has been a director of the company for such a period that his or her independence from management and substantial shareholders may have been compromised.

The test of whether a relationship or business is material is based on the nature of the relationship or business and on the circumstances and activities of the director. Materiality is considered from the perspective of the company and its Group members, the persons or organisations with which the director has an affiliation, and the director.

To assist in assessing the materiality of a supplier or customer the Board has adopted the following materiality thresholds:

- + a material customer is a customer of Woodside which accounts for more than 2% of Woodside's consolidated gross revenue; and
- + a supplier is material if Woodside accounts for more than 2% of the supplier's consolidated gross revenue.

The Board reviews the independence of directors before they are appointed, on an annual basis and at any other time where the circumstances of a director change such as to require reassessment. The Board has reviewed the independence of each of the directors in office at the date of this report and has determined that nine of the directors are independent. Mr Peter Coleman is not considered independent as he is an executive director and a member of management.

Certain non-executive directors hold directorships or executive positions in companies with which Woodside has commercial relationships. Details of other directorships and executive positions held by non-executive directors are set out in the Annual Report 2019 on pages 48-51. Two of the non-executive directors have been employed by Woodside in the past and a significant period of time has elapsed since they ceased employment. Dr Haynes was seconded to Woodside as General Manager of the North West Shelf Venture from 1999 to 2002. Dr Ryan was employed by Woodside as a member of the North West Shelf petroleum production team from 1993 to 1996.

The independent status of directors standing for election or re-election is identified in the notice of AGM. If the Board's assessment of a director's independence changes, the change is disclosed to the market in a timely manner.

2.5 Conflicts of interest

The Board has approved Directors' Conflict of Interest Guidelines which apply if there is, or may be, a conflict between the personal interests of a director, or the duties a director owes to another company, and the duties the director owes to Woodside. Directors are required to disclose circumstances that may affect, or be perceived to affect, their ability to exercise independent judgement so that the Board can assess independence on a regular basis.

A director with an actual or potential conflict of interest in relation to a matter before the Board does not receive the Board papers relating to that matter and when the matter comes before the Board for discussion, the director withdraws from the meeting for the period the matter is considered and takes no part in the discussions or decision-making process.

Minutes reporting on matters in which a director is considered to have a conflict of interest are not provided to that director. However, the director is given notice of the broad nature of the matter for discussion and is updated in general terms on the progress of the matter.

2.6 Board succession planning

The Board manages its succession planning with the assistance of the Nominations & Governance Committee. The committee annually reviews the size, composition and diversity of the Board and the mix of existing and desired competencies across members and reports its conclusions to the Board. In conducting the review, the skills matrix referred to in section 2.2 is used to enable the committee to assess the skills and experience of each director and the combined capabilities of the Board and committees.

Recognising the importance of Board renewal, the committee takes each director's tenure into consideration in its succession planning. As a general rule, a director would not usually be expected to nominate for re-election once he or she has served ten years on the Board.

Exceptions to this principle may be made where the Nominations & Governance Committee considers that an individual director brings special skills to the Board which are difficult to replace at the time, or to facilitate the orderly changeover of directors having regard to anticipated retirements, and the Board has assessed the director as remaining independent. The Board is of the view that the tenure profile shown in Figure 3 below is appropriate to manage Board succession and renewal planning.

The Nominations & Governance Committee is responsible for evaluating Board candidates and recommending individuals for appointment to the Board. The committee evaluates prospective candidates against a range of criteria including the skills, experience, expertise and diversity that will best complement Board effectiveness at the time. The Board may engage an independent recruitment firm to undertake a search for suitable candidates.

In its evaluation of candidates for the Board, the Nominations & Governance Committee will have regard to normally accepted nomination criteria, including:

- + honesty and integrity;
- + the ability to exercise sound business judgement;
- + appropriate experience and professional qualifications;
- + absence of conflicts of interest or other legal impediments to serving on the Board;
- + willingness to devote the required time; and
- + availability to attend Board and committee meetings.

In considering overall Board balance, the Nominations & Governance Committee will give due consideration to the value of a diversity of backgrounds and experiences among the members, and to having some of the directors based in the centres of operation of Woodside.

Changes to the composition of the Board in 2019 were designed to facilitate appropriate Board renewal and ensure the Board maintains an appropriate mix of skills, experience and diversity at all times.

Ms Melinda Cilento, who had served 10 years on the Board, retired at the 2019 Annual General Meeting on 2 May 2019. Ms Goh Swee Chen was appointed as a non-executive director effective 1 January 2020.

With the exception of the Managing Director, directors appointed by the Board are subject to shareholder election at the next AGM.

Woodside undertakes extensive background and screening checks prior to nominating a director for election by shareholders, including checks as to character, experience, education, criminal record and bankruptcy history. Woodside provides to shareholders all material information in its possession concerning the director standing for election or re-election in the explanatory notes accompanying the notice of meeting.

The Nominations & Governance Committee Charter and a description of Woodside's procedure for the selection and appointment of new directors and the re-election of incumbent directors are available in the Corporate Governance section of Woodside's website.

2.7 Directors' retirement and re-election

With the exception of the Managing Director, directors must retire at the third AGM following their election or most recent re-election. At least one director must stand for election at each AGM. Any director appointed to fill a casual vacancy since the date of the previous AGM must submit themselves to shareholders for election at the next AGM.

Board support for a director's re-election is not automatic and is subject to satisfactory director performance (in accordance with the evaluation process described in section 2.9).

Figure 3 – Tenure and diversity of non-executive directors

2.8 Directors' appointment, induction training and continuing education

All new non-executive directors are required to sign a letter of appointment which sets out the key terms and conditions of their appointment, including duties, rights and responsibilities, the time commitment envisaged and the Board's expectations regarding their involvement with committee work.

Executive directors and other senior executives enter into employment agreements which govern the terms of their employment. Woodside undertakes extensive background and screening checks prior to appointing senior executives. Details of Woodside's senior executives are set out on pages 10 & 11 of the Annual Report 2019.

Induction training is provided to all new directors. It includes a comprehensive induction manual, discussions with the CEO and senior executives and the option to visit Woodside's principal operations either upon appointment or with the Board during its next site tour. The induction materials and discussions include information on Woodside's strategy, culture and values; key corporate and Board policies; the company's financial, operational and risk management position; the rights and responsibilities of directors; the role of the Board and its committees; meeting arrangements; and if required, key accounting matters and directors' responsibilities in relation to Woodside's financial statements.

Questionnaires are completed annually to assess each director's skills and knowledge required to discharge their obligations to the company. Woodside considers at least annually the need for new and existing directors to undertake professional development to develop and maintain the skills and knowledge needed to perform their role as directors effectively, and provides directors who require professional development the opportunity to develop and maintain the required skills and knowledge. Directors attend continuing professional education sessions including industry seminars and approved education courses which are paid for by the company, where appropriate. In addition, the company provides the Board with regular educational information papers and presentations on industry related matters and new and emerging developments with the potential to affect Woodside.

2.9 Board performance evaluation

The Nominations & Governance Committee is responsible for determining the process for evaluating Board performance. Evaluations are conducted annually and have produced improvements in Board and committee processes, governance practices and overall efficiency.

The Board performance evaluation process is conducted by way of questionnaires appropriate in scope and content to effectively review:

- the performance of the Board and each of its committees against the requirements of their respective charters;
- the individual performance of the Chairman and each director; and
- the interface between Board and management.

The questionnaires are completed by each director and the responses compiled by an external consultant.

The Board performance evaluation process may also involve interviews with directors and senior management and observation of Board and committee meetings by an external consultant.

The reports on Board and committee performance are provided to all directors and discussed by the Board.

The report on the Chairman's performance is provided to the Chairman and two committee chairs for discussion.

The report on each individual director is provided to the individual and copied to the Chairman. The Chairman meets individually with each director to discuss the findings of their report.

The performance of each director retiring at the next AGM is taken into account by the Board in determining whether or not the Board should support the re-election of the director. The directors seeking re-election will be asked to reconfirm that they have sufficient time to meet their responsibilities.

The Human Resources & Compensation Committee reviews and makes recommendations to the Board on the criteria for the evaluation of the performance of the CEO. The Board conducts the evaluation of the performance of the CEO.

The 2019 Remuneration Report on pages 55-75 discloses the annual process for evaluating the performance of senior executives, including the CEO. In 2019, performance evaluations for the Board, its committees, directors and senior executives took place in accordance with the process disclosed above and in the Remuneration Report.

2.10 Board access to information and independent advice

Subject to the Directors' Conflict of Interest Guidelines referred to in section 2.5, directors have direct access to members of company management and to company information in the possession of management.

The Board has agreed a procedure under which directors are entitled to obtain independent legal, accounting or other professional advice at the company's expense. Directors are entitled to reimbursement of all reasonable costs where a request for such advice is approved by the Chairman. In the case of a request made by the Chairman, approval is required by a majority of the non-executive directors.

2.11 Directors' remuneration

Details of remuneration paid to directors (executive and non-executive) are set out in the 2019 Remuneration Report on pages 55-75. The Remuneration Report also contains information on the company's policy for determining the nature and amount of remuneration for directors and senior executives and the relationship between the policy and company performance.

Shareholders will be invited to consider and approve the 2019 Remuneration Report at the 2020 AGM.

2.12 Board meetings

During the year ended 31 December 2019, the Board held ten Board meetings.

In addition, a strategic planning session was held on 30 April 2019. Except for January 2019, informal Board teleconferences were conducted in each month where a Board meeting was not otherwise held. In June 2019 the Board undertook a site visit to some of Woodside's key operations. Details of directors' attendance at Board meetings are set out in Table 3 on page 15.

The Chairman, in conjunction with the CEO and the Company Secretary, sets the agenda for each meeting. Any director may request matters be included on the agenda.

Typically at Board meetings the agenda will include:

- + minutes of the previous meeting and matters arising;
- + the CEO's report;
- + the CFO's report;
- + reports on major projects and current issues;
- + specific business proposals;
- + reports from the chairs of the committees on matters considered at committee meetings; and
- + minutes of previous committee meetings.

The Board works to an annual agenda encompassing periodic reviews of Woodside's operating business units and site visits; approval of strategy, business plans, budgets and financial statements; and review of statutory obligations and other responsibilities identified in the Board Charter.

The CFO and the Company Secretary attend meetings of the Board by invitation. Other members of senior management attend Board meetings when a matter under their area of responsibility is being considered or as otherwise requested by the Board.

At each scheduled Board meeting there is a session for non-executive directors to meet without management present. This session is led by the Chairman.

Board papers are circulated in advance of the meetings. Directors are entitled to request additional information where they consider further information is necessary to support informed decision-making.

2.13 Company secretaries

Details of the Company Secretaries are set out in the Annual Report 2019 on page 53. The appointment and removal of a Company Secretary is a matter for decision by the Board. The Company Secretaries are responsible for ensuring that Board procedures are complied with and that governance matters are addressed. All directors have direct access to the Company Secretaries who are accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board.

3. Committees of the Board

3.1 Board committees, membership and charters

The Board has the ability under the company's constitution to delegate its powers and responsibilities to committees of the Board. This allows the directors to spend additional and more focused time on specific issues.

The Board has four standing committees to assist in the discharge of its responsibilities. These are the:

- + Audit & Risk Committee;
- + Nominations & Governance Committee;
- + Human Resources & Compensation Committee; and
- + Sustainability Committee.

The committees operate principally in a review or advisory capacity, except in cases where powers are specifically conferred on a committee by the Board.

Each committee has a charter, detailing its role, duties and membership requirements. The committee charters are reviewed regularly and updated as required. Prior to the commencement of each year, the committees set an annual agenda for the coming year with reference to the committee charters and other issues the committee members or Board consider appropriate for consideration by the committees.

Each committee's charter is available in the Corporate Governance section of Woodside's website.

The Audit & Risk Committee reviews Woodside's procedures for the identification, assessment, reporting and management of risks. However, all committees maintain open lines of communication in relation to Woodside's risk to ensure effective risk oversight, including through common committee membership and extending invitations to all directors to attend meetings of standing committees.

Membership of the committees is based on directors' qualifications, skills and experience. Each standing committee is comprised of:

- + only non-executive directors;
- + at least three members, the majority of whom are independent; and
- + a chairman appointed by the Board who is one of the independent non-executive directors.

The Audit & Risk Committee and the Human Resources & Compensation Committee have additional membership requirements which are discussed in sections 3.2 and 3.4.

The composition of each committee and details of the attendance of members at meetings held during the year are set out in Table 3 on page 15.

All directors are entitled to attend meetings of the standing committees. Papers considered by the standing committees are also available to all directors who are not on that committee. Minutes of the standing committee meetings are provided to all directors and the proceedings of each meeting are reported by the chairman of the committee at the next Board meeting.

Each committee is entitled to seek information from any employee of the company and to obtain any professional advice it requires in order to perform its duties.

Each standing committee participates in regular review of its performance and effectiveness. As a result of the 2019 review, the Board is satisfied that the committees have performed effectively with reference to their charters.

Ad hoc committees are convened to consider matters of special importance or to exercise the delegated authority of the Board.

3.2 Audit & Risk Committee

The role of the Audit & Risk Committee is to assist the Board to meet its oversight responsibilities in relation to the company's financial reporting, compliance with legal and regulatory requirements, internal control structure, risk management and insurance procedures and the internal and external audit functions.

 The Audit & Risk Committee's charter, which sets out further details on the role and duties of the committee, is available in the Corporate Governance section of Woodside's website.

Members of the Audit & Risk Committee between them should have the accounting and financial expertise, and a sufficient understanding of the industry in which Woodside operates, to be able to effectively discharge the committee's responsibilities.

The chairman of the Audit & Risk Committee cannot be the Chairman of the company.

Members of the Audit & Risk Committee are identified in Table 3 on page 15 which sets out their attendance at meetings. Their qualifications are listed in the Annual Report 2019 on pages 48-51.

Key activities undertaken by the Audit & Risk Committee during the year included:

- **monitoring developments in accounting, financial reporting and taxation relevant to Woodside;**
- **reviewing significant accounting policies and practices;**
- **reviewing and making recommendations to the Board for the adoption of the Group's half-year and annual financial statements;**
- **approval of the scope, plan and fees for the 2019 external audit;**
- **reviewing the independence and performance of the external auditor;**
- **reviewing Internal Audit reports and material post-investment reviews and approval of the 2020/2021 Internal Audit program;**
- **reviewing the Group's key risks and risk management framework, confirming that the framework was sound and that the Company is operating with due regard to the risk appetite set by the Board;**
- **reviewing reports from management on the effectiveness of the Group's management of its material business risks including contemporary and emerging risks such as conduct risk, technology & innovation, cyber-security, privacy and data breaches, sustainability and climate change;**
- **reviewing the Company's annual insurance plan and maintaining oversight of the Company's insurance activities;**
- **assessing processes to ensure compliance with legal and regulatory requirements;**
- **monitoring matters and informing the Board of any material concerns raised under the Code of Conduct, the Anti-Bribery and Corruption and Whistleblower Policies that call into question the culture of the organisation;**
- **inform the Board of the Company's compliance with material legal and regulatory requirements and any conduct that is materially inconsistent with the Company's values or Code of Conduct; and**
- **reviewing and making recommendations to the Board on amendments to company policies.**

The external auditors, the Chairman, the CEO, the CFO, the Group Financial Controller, the head of Internal Audit, the head of Governance Risk and Compliance and the head of Taxation are regular attendees at Audit & Risk Committee meetings. At each committee meeting, time is scheduled for the committee to meet without management present, and to meet with the external auditors without management present.

The committee meets at least semi-annually with Woodside's internal auditors without management present.

3.3 Nominations & Governance Committee

The role of the Nominations & Governance Committee is to assist the Board to review Board composition, performance and succession planning. This includes identifying, evaluating and recommending candidates for the Board.

The Nominations & Governance Committee's charter, which sets out further details on the role and duties of the committee, is available in the Corporate Governance section of Woodside's website.

All non-executive directors are currently members of the Nominations & Governance Committee. Table 3 on page 15 sets out their attendance at committee meetings.

Key activities undertaken by the Nominations & Governance Committee during the year included:

- review of the size and composition of the Board;
- review of the director competencies matrix;
- board succession planning;
- making recommendations to the Board regarding the directors seeking re-election at the 2020 AGM; and
- approval of the process for the annual Board performance evaluation.

3.4 Human Resources & Compensation Committee

The role of the Human Resources & Compensation Committee is to assist the Board in establishing human resources and compensation policies and practices which:

- + enable the company to attract, retain and motivate employees who achieve operational excellence and create value for shareholders; and
- + reward employees fairly and responsibly, having regard to the results of Woodside, individual performance and general remuneration conditions.

The Human Resources & Compensation Committee's charter, which sets out further details on the role and duties of the committee, is available in the Corporate Governance section of Woodside's website.

The committee's charter requires at least one member to have been a director of Woodside for not less than three years and states that it is desirable that at least one member has an understanding of remuneration policies and practices.

Members of the Human Resources & Compensation Committee are identified in Table 3 which sets out their attendance at meetings.

The Human Resources & Compensation Committee assists the Board to ensure that Woodside's remuneration arrangements are equitable and consistent with the delivery of superior performance that is aligned to the creation of value for shareholders. To ensure it is fully informed when making remuneration decisions, the committee draws on services from a range of external sources, including remuneration consultants where appropriate.

Woodside's guidelines on the use of remuneration consultants set out requirements to ensure the independence of remuneration consultants from Woodside's management, including the process for the selection of consultants and their terms of engagement.

Remuneration consultants are engaged by, and report directly to, the committee.

- Further information on the activities of the Human Resources & Compensation Committee in relation to the use of remuneration consultants during 2019 is provided in the 2019 Remuneration Report on page 69 of the Woodside Annual Report, available on our website.

The Chairman, the CEO and the head of the People and Global Capability function are regular attendees at the Human Resources & Compensation Committee meetings. The CEO was not present during any committee or Board agenda item where his remuneration was considered or discussed.

Key activities undertaken by the Human Resources & Compensation Committee during the year included:

- monitoring legislative and corporate governance developments in relation to employment and remuneration matters relevant to Woodside;
- reviewing the company's remuneration policies and practices, approving the use of remuneration consultants to provide recommendations in respect of the remuneration of Woodside's key management personnel and considering advice on the remuneration of Woodside's key management personnel;
- reviewing the company's recruitment and retention strategies;
- approval of the appointment and remuneration packages of executives reporting directly to the CEO;
- considering activities to assess and monitor culture, including the results of the 2019 employee survey;
- monitoring learning and organisational development strategies and activities across Woodside;
- reviewing progress against the 2018-2020 inclusion and diversity strategy;
- monitoring progress against measurable objectives in respect of gender diversity and endorsing for Board approval the 2020 measurable objectives; and
- reviewing and making recommendations to the Board on:
 - » remuneration for non-executive directors;
 - » the remuneration of the CEO;
 - » the criteria for the evaluation of the CEO's performance;
 - » incentives payable to the CEO;
 - » employee-equity based plans; and
 - » the annual Remuneration Report.

Review of the 2019 performance of the CEO and executive succession planning was conducted by the Board.

- Woodside's approach to align the executive remuneration framework with shareholder experience and expectations is outlined in the 2019 Remuneration Report on pages 55-75 of the Woodside Annual Report, available on our website.

3.5 Sustainability Committee

The role of the Sustainability Committee is to assist the Board to meet its oversight responsibilities in relation to the company's sustainability policies and practices.

Members of the Sustainability Committee are identified in Table 3 on page 15 which sets out their attendance at meetings.

 The Sustainability Committee's charter, which sets out further details on the role and duties of the committee, is available in the Corporate Governance section of Woodside's website.

Key activities undertaken by the Sustainability Committee during the year included:

- review of the Group's environmental, health, safety and process safety performance, risks, incidents and improvement plans;
- consideration of heritage and land access matters affecting the company;
- consideration of security and emergency management performance, including crisis management systems;
- oversight of Woodside's local content outcomes and government engagement activities;
- review of delivery against Woodside's Reconciliation Action Plan commitments;
- review of community relations activities and social investment themes and planned expenditure;
- consideration of performance against human rights commitments;
- consideration of Woodside's management of climate change risk and opportunities; and
- endorse the annual Sustainable Development Report for Board approval.

1. 'Held' indicates the number of meetings held during the period of each director's tenure. Where a director is not a member but attended meetings during the period, then only the number of meetings attended rather than held is shown.

2. 'Attended' indicates the number of meetings attended by each director.

3. Ms Cilento retired at the 2019 Annual General Meeting on 2 May 2019. Mr Tilbrook succeeded Ms Cilento as chair of the Human Resources & Compensation Committee.

4. All directors are entitled to and generally attend meetings of the standing committees.

4. Shareholders

4.1 Shareholder communication

Directors recognise that shareholders, as the ultimate owners of the company, are entitled to receive timely and relevant high quality information about their investment. Similarly, prospective new investors are entitled to be able to make informed investment decisions when considering the purchase of shares. Woodside has an investor relations program to facilitate effective two-way communication with investors.

Woodside's Continuous Disclosure and Market Communications Policy encourages effective communication with the company's shareholders by requiring:

- the disclosure of full and timely information about Woodside's activities in accordance with the disclosure requirements contained in the ASX Listing Rules and the Corporations Act;
- all information released to the market to be placed on Woodside's website promptly following release;
- the company's market announcements to be maintained on Woodside's website for at least three years; and
- that all disclosures, including notices of meetings and other shareholder communications, are drafted clearly and concisely.

 The Continuous Disclosure and Market Communications Policy is available in the Corporate Governance section of Woodside's website.

Briefings on the financial results, and other briefings with institutional investors and analysts relating to new and substantive information that is released to the market prior to the briefing are made available on Woodside's website. Major briefings (such as the annual and half year results, and Investor Briefing Day etc.,) are webcast and made available on Woodside's website. Shareholders are notified in advance of the date of investor briefing webcasts.

Presentation material for briefings or speeches containing new and substantive information is first disclosed to the market via ASX and posted to the website before it is discussed at a briefing.

The Annual Report and the Sustainable Development Report are available on the company's website, or shareholders can elect to receive hard copies. Shareholders are encouraged to receive electronic communications and can elect to receive email notification when these reports are posted to the website. Shareholders can also receive email notification of Woodside's ASX announcements and media releases.

 Any person wishing to receive email alerts of significant market announcements can subscribe through Woodside's website.

Woodside encourages direct electronic contact from shareholders – Woodside's website has a "Contact Us" section which allows shareholders to submit an electronic form with questions or comments directly, as well as a "Shareholder Services" section which, among other things, clearly sets out the email address for Woodside's share registry, Computershare, so that Computershare can be contacted directly.

The company recognises the importance of shareholder participation in general meetings and supports and encourages that participation. The company has direct voting arrangements in place, allowing shareholders unable to attend the AGM to vote on resolutions without having to appoint someone else as a proxy.

Shareholders are also able to register their voting instructions electronically. Voting on any substantial resolution at an AGM is conducted by poll.

The company's AGM is webcast live and is archived for viewing on Woodside's website. Copies of the addresses by the Chairman and the CEO are disclosed to the market and posted to the company's website immediately prior to the AGM. The outcome of voting on the items of business are disclosed to the market and posted to the company's website after the AGM. All of Woodside's directors attended the company's 2019 AGM and are expected to attend the 2020 AGM.

The company's external auditor attends the company's AGM to answer shareholder questions about the conduct of the audit, the preparation and content of the audit report, the accounting policies adopted by the company and the independence of the auditor in relation to the conduct of the audit.

In addition to the AGM, the Board uses a range of formal and informal communication channels to ensure that the Board understands and represents shareholder views. We regularly engage with institutional shareholders and investor representative organisations in Australia, the United Kingdom, Asia and the North America, to discuss Woodside governance and strategy. We also meet regularly with retail shareholder representatives.

4.2 Continuous disclosure and market communications

Woodside is committed to ensuring that shareholders and the market are provided with accurate, full and timely information and that all stakeholders have equal opportunities to receive externally available information issued by Woodside, to enable stakeholders to make an informed investment decision.

A Disclosure Committee manages compliance with market disclosure obligations and is responsible for implementing and monitoring reporting processes and controls and setting guidelines for the release of information. The Disclosure Committee is comprised of senior executives.

The Disclosure Committee reported to the Board on the performance of Woodside's reporting processes and controls in 2019. Continuous disclosure matters are considered at each Board meeting.

The Board approves any announcement relating to the annual and half year financial reports and any other information for disclosure to the market that contains or relates to financial projections, statements as to future performance or changes to the policy or strategy of the company (taken as a whole). In addition, directors are provided with copies of all announcements made in compliance with Woodside's continuous disclosure obligations promptly after ASX has confirmed the announcement has been released on the Market Announcement Platform.

Woodside's Continuous Disclosure and Market Communications Policy, referred to in section 4.1, and associated guidelines reinforce Woodside's commitment to continuous disclosure and outline management's accountabilities and the processes to be followed for ensuring compliance.

The policy also describes Woodside's guiding principles for market communications. Each Woodside employee is required to ensure potentially price-sensitive information concerning Woodside is assessed with reference to the Continuous Disclosure and Market Communications Policy and associated guidelines as soon as the

employee becomes aware of the information. Employees considered to hold higher risk roles are required to participate in annual continuous disclosure training.

The Continuous Disclosure and Market Communications Policy is available in the Corporate Governance section of Woodside's website.

4.3 Verification of periodic corporate reports

Woodside is committed to providing clear, concise and effective disclosure in its corporate reports. Woodside's goal is that periodic corporate reports will be accurate, balanced and provide investors with appropriate information to make informed investment decisions.

🔍 A statement setting out the processes undertaken by Woodside to verify the integrity of the periodic corporate reports it releases to the market that are not audited by an external auditor is available in the Corporate Governance section of Woodside's website.

5. Promoting responsible and ethical behaviour

5.1 Woodside Compass, Code of Conduct, Anti-Bribery and Corruption Policy (ABC Policy) and Whistleblower Policy

Woodside's Compass sets out the company's core values of integrity, respect, working sustainably, working together, discipline and excellence. Everyone who works for Woodside is expected to behave in a manner consistent with the values.

The Compass is promoted through many communication channels, including posters, intranet campaigns, booklets and key messaging, to maintain its visibility and encourage self-reflection. Behaviour and conduct is formally assessed with respect to the Compass values during performance reviews for each employee.

Woodside has a Code of Conduct and an ABC Policy which outline Woodside's commitment to appropriate and ethical corporate practices. The Code of Conduct and the ABC Policy cover matters such as compliance with laws and regulations, responsibilities to shareholders and the community, sound employment practices, confidentiality, privacy, conflicts of interest, giving and accepting business courtesies and the protection and proper use of Woodside's assets.

🔍 The Woodside Compass, Code of Conduct and ABC Policy are available in the Corporate Governance section of Woodside's website.

All directors, officers and employees are required to comply with the Code of Conduct and the ABC Policy. Managers are expected to take reasonable steps to ensure that employees, contractors, consultants, agents and partners under their supervision are aware of the Code of Conduct and the ABC Policy to foster an environment that encourages ethical behaviour and compliance with the Code of Conduct and the ABC Policy.

Employees are required to complete online Code of Conduct training upon appointment and thereafter annually. Employees considered to hold higher-risk roles are also required to complete annual advanced anti-bribery and corruption online training.

Failure to comply with the Code of Conduct and the ABC Policy is a serious breach of Woodside's policy and will be investigated. Breaches may result in disciplinary action ranging from a formal warning through to termination of employment. All breaches are required to be recorded. Any material breaches are reported in detail to the Audit & Risk Committee. The Board reviewed and approved changes to the Code of Conduct and ABC Policy in December 2019 to support the continuous improvement of Woodside's processes to ensure appropriate and ethical corporate practices.

🔍 The Sustainable Development Report, which is available in the Sustainability section of Woodside's website, provides further information on the Woodside Compass, Code of Conduct and ABC Policy.

Directors and all employees are required to provide annual certification of their compliance with the Code of Conduct and the Securities Dealing Policy (see section 5.2). In addition, all executives and key finance managers complete a questionnaire from the directors on a half-yearly basis which includes questions on compliance by the managers and all employees and contractors within their area of responsibility with the Code of Conduct, the Securities Dealing Policy, the ABC Policy, the Whistleblower Policy, the Continuous Disclosure and Market Communications Policy and the Risk Management Policy.

The responses to the questionnaire, together with a report on breaches of the Code of Conduct and matters raised through the whistleblower helpline (refer below), are considered by the Audit & Risk Committee.

Woodside's Whistleblower Policy documents Woodside's commitment to maintaining an open working environment in which employees and contractors are able to report instances of unethical, unlawful or undesirable conduct without fear of intimidation or reprisal.

The purpose of the Whistleblower Policy is to:

- + help detect and address unacceptable conduct;
- + help provide employees and contractors with a supportive working environment, in which they feel able to raise issues of legitimate concern to them and to Woodside;
- + provide information about the protections available to people who report unacceptable conduct;
- + provide information about to whom reports of unacceptable conduct may be made, how they may be made, and how Woodside will investigate them where appropriate; and
- + help support and protect people who report unacceptable conduct.

🔍 A copy of the Whistleblower Policy is available in the Corporate Governance section of Woodside's website.

5.2 Securities ownership and dealing

Woodside's Securities Dealing Policy applies to all directors, employees, contractors, consultants and advisers. The policy provides a brief summary of the law on insider trading and other relevant laws; sets out the restrictions on dealing in securities by people who work for, or are associated with, Woodside; and is intended to assist in maintaining market confidence in the integrity of dealings in the company's securities. The policy is aligned with the ASX Listing Rules on trading policies and associated ASX guidelines.

The policy prohibits directors and employees from dealing in the company's securities when they are in possession of price-sensitive information that is not generally available to the market. It also prohibits dealings by directors and certain restricted employees during "black-out" periods, including during the periods between the end of the financial half-year and the day following the announcement of the half-year results, and the end of the financial full-year and the day following the announcement of the full-year results. Directors are required to seek the approval of the Chairman (or in the case of the Chairman, the CEO) before dealing in the company's securities or entering into any financial arrangement by which Woodside securities are used as collateral. Restricted employees are required to notify their manager and the General Counsel before dealing in the company's securities.

In addition, executives reporting directly to the CEO, and the Company Secretaries, have notification requirements in respect of entering into any financial arrangement by which Woodside securities are used as collateral.

Employees considered to hold higher risk roles are required to complete annual securities dealing training.

The Board has adopted a requirement for non-executive directors to have acquired Woodside shares for a minimum total purchase price of at least 100% of their pre-tax base annual fees after five years on the Board. Non-executive directors who have less than the minimum holding are required to direct a portion of their net fees to the purchase of shares in Woodside until the minimum holding requirement is satisfied.

Non-executive directors are eligible to participate in Woodside's Non-Executive Directors' Share Plan. Under the plan a proportion of the director's after-tax remuneration is applied to the purchase of shares in Woodside. These shares are acquired on market at market value at pre-determined intervals.

Any dealing in Woodside securities by directors is notified to the ASX within five business days of the dealing. It is a condition of the Securities Dealing Policy that directors, and executives participating in an equity-based incentive plan, are prohibited from entering into any transaction which would have the effect of hedging or otherwise transferring to any person the risk of any fluctuation in the value of any unvested entitlement in Woodside securities. This prohibition is also contained in the terms of the Executive Incentive Plan.

 The Securities Dealing Policy is available in the Corporate Governance section of Woodside's website.

5.3 Payments to political parties

Woodside's Code of Conduct prohibits donations to any political campaign, politician or candidate for public office in any country.

Woodside regularly engages with governments of countries where we are active to exchange information and views essential to mutually-informed decision making. Woodside established a representative office in Canberra in 2019 to support our government engagements and facilitate progress of our growth projects.

With Board approval in 2019, Woodside renewed its membership of the two major political party business forums in Australia, being the Federal Liberal Party Australian Business Network and the Australian Labor Party Federal Business Forum. Woodside also joined the federal National Party's National Policy Forum and the state-based business forums of the Labor, Liberal and National parties in Western Australia. Woodside complies with the Australian Electoral Commission's (AEC) reporting requirements for payments to political parties with respect to annual subscriptions and attendance at conferences and other business events associated with political parties.

 Details of Woodside's payments to political parties are available on the AEC's website.

Woodside notified the AEC that Woodside made the following payments to political parties for the year ending 30 June 2019 (being the relevant reporting period with the AEC):

Value (A\$):	Value (A\$):
Australian Labor Party	120,000
Australian Labor Party (Western Australia Branch)	15,400
Liberal Party of Australia	116,500
Liberal Party (WA Division) Inc	20,250
National Party of Australia	8,690
National Party of Australia (WA) Inc	2,500
Total:	283,340

6. Risk management and internal control

6.1 Approach to risk management and internal control

The Board recognises that risk management and internal compliance and control are key elements of good corporate governance.

Woodside's Risk Management Policy describes the manner in which Woodside:

- Provides a consistent process for the recognition and management of risks across Woodside's business; and
- Confers responsibility on Woodside staff at all levels to proactively identify, manage, review and report on risks relating to the objectives those staff are accountable for delivering.

 The Risk Management Policy is available in the Corporate Governance section of Woodside's website.

Woodside recognises that risk is inherent to its business and that effective management of risk is vital to delivering on its objectives, success and continued growth. Woodside is committed to managing all risk in a proactive and effective manner and to encouraging behaviours required to maintain a sound risk culture, including constructive challenge and transparency. Woodside's approach to risk is intended to enhance opportunities, reduce threat and sustain Woodside's competitive advantage.

The Woodside Group operates a standardised enterprise-wide risk management process which provides an over-arching and consistent framework for the identification, assessment, monitoring and management of material business risks. These include contemporary and emerging risks such as conduct risk, technology & innovation, cyber-security, privacy and data breaches, sustainability and climate change.

Woodside has a Governance, Risk and Compliance function, separate to Internal Audit, and aligns the company's risk management process with the International Standard for risk management (ISO 31000 Risk Management). Risks are identified, assessed and prioritised using a common methodology. Assessed risk is escalated to increasingly senior levels of management and the Board, based on defined materiality thresholds.

 More information on Woodside's risks, including environmental and social risks, are set out in the Annual Report 2019 on pages 20-31 and the Sustainable Development Report.

6.2 Risk management roles and responsibilities

The Board is responsible for reviewing and approving Woodside's risk management strategy, policy and key risk parameters, including determining the Group's appetite for country risk and major investment decisions.

The Board is also responsible for satisfying itself that management has developed and implemented a sound system of risk management and internal control. The Board has delegated oversight of the Risk Management Policy, including review of the effectiveness of Woodside's internal control system and risk management process, to the Audit & Risk Committee.

Management is responsible for promoting and applying the Risk Management Policy. This responsibility involves identifying and assessing business and operational risks, developing and implementing appropriate risk treatment strategies and controls including insurance strategy and activities, monitoring the effectiveness of risk controls and reporting on risk management capability and performance.

Within each major business and functional area there is a designated risk role, with specific responsibilities to ensure appropriate application of Woodside's risk management process and regular risk review and reporting.

The Governance, Risk and Compliance function is responsible for Woodside's risk management process, development of risk management capability, and providing risk management reports to the executive team and the Audit & Risk Committee on the strategic risk profile and the Group's risk management performance.

In 2019, the Audit & Risk Committee reviewed the risk profile for the Group and received reports from management on the effectiveness of the Group's management of its material business risks.

The reported risks considered Woodside's health and safety, environmental, financial, reputation and brand, legal and compliance, and social and cultural exposures.

In 2019, the Audit & Risk Committee discussed contemporary and emerging risks, reviewed the company's risk management framework and confirmed that the framework was sound, and that the company was operating with due regard to the risk appetite set by the Board.

6.3 Internal Audit

Internal Audit provides independent assurance that the design and operation of the Group's risk management and internal control system is effective. A risk-based audit approach is used to ensure that higher risk activities are prioritised in the audit program.

Audits are conducted in a manner that conforms to international auditing standards. Internal Audit is independent of both business management and of the activities it reviews and has all necessary access to management and information to fulfil its role. Internal Audit is staffed by industry professionals including qualified accountants and engineers.

The Audit & Risk Committee oversees Internal Audit's activities and reviews Internal Audit's performance. It approves the annual audit program and receives reports from Internal Audit concerning the effectiveness of internal control and risk management. The Audit & Risk Committee approves the appointment of the head of Internal Audit. The head of Internal Audit is jointly accountable to the Audit & Risk Committee and the Senior Vice President Corporate & Legal.

The committee members have access to Internal Audit without the presence of other management. Internal Audit has unfettered access to the Audit & Risk Committee and its chairman.

Internal Audit and external audit are separate and independent of each other.

6.4 CEO and CFO assurance

The Board receives regular reports on the Group's financial and operational results.

Before the adoption by the Board of the 2019 half-year and full-year financial statements, the Board received written declarations from the CEO and the CFO that the financial records of the company have been properly maintained in accordance with section 286 of the Corporations Act, and the company's financial statements and notes comply with accounting standards and give a true and fair view of the consolidated entity's financial position and performance for the financial period.

The CEO and the CFO have also stated in writing to the Board that the statements relating to the integrity of Woodside's financial statements are founded on a sound system of risk management and internal control which is operating effectively.

In addition, all executives and key finance managers complete a questionnaire from the directors on a half-yearly basis. The questions relate to the financial position of the company, market disclosure, the application of company policies and procedures (including the Risk Management Policy), compliance with external obligations and other governance matters. This process assists the CEO and the CFO in making the declarations to the Board referred to above.

7. External auditor relationship

In accordance with Woodside's External Auditor Policy, the Audit & Risk Committee oversees the engagement of Woodside's external auditor, governed by the External Auditor Guidance Policy. The guidance policy includes provisions directed to maintaining the independence of the external auditor and assessing whether the provision of any non-audit services by the external auditor that may be proposed is appropriate. Such provisions are referenced to the Code of Ethics published by the International Federation of Accountants.

The External Auditor Guidance Policy contains controls which address threats to the independence of the external auditor including, in particular, those which may arise by reason of self-interest, self-review, advocacy, familiarity or intimidation.

The External Auditor Guidance Policy classifies a range of non-audit services which could potentially be provided by the external auditor as:

- + acceptable within limits;
- + requiring the approval of the CFO;
- + requiring the approval of the Audit & Risk Committee; or
- + not acceptable.

The services considered not acceptable for provision by the external auditor include but are not limited to:

- + internal audit;
- + acquisition accounting due diligence, including valuation assistance and project management, where the external auditor is also the auditor of the other party;
- + transactional support for acquisitions or divestments where the external auditor is also the auditor of the other party;
- + book-keeping and financial reporting activities to the extent such activities require decision-making ability and/or posting entries to the ledger;
- + the design, implementation, operation or supervision of information systems and provision of systems integration services;
- + independent expert reports;
- + financial risk management; and
- + taxation planning transaction and structuring advice.

The External Auditor Guidance Policy requires rotation of the audit partner and audit review partner at least every five years and prohibits the reinvolvement of a previous audit partner in the audit service for two years following rotation.

In addition to incorporating safeguards to ensure compliance with sections 324CI and 324CK of the Corporations Act with respect to employment of a former partner of the audit firm or member of the audit team as a director or senior employee of Woodside, the External Auditor Guidance Policy also requires assessment of the significance of potential threats to the external auditor's independence before any employment of a former partner or audit team member.

Any employment of a member of the audit team or a partner of the audit firm requires the approval of the Audit & Risk Committee.

 Information on the procedures for the selection and appointment of the external auditor and for the rotation of external audit engagement partners is available in the Corporate Governance section of Woodside's website.

8. Inclusion and diversity

Respect is one of Woodside's core values. We recognise that a key contributor to our success is an inclusive culture that promotes diversity and a sense of belonging. Our Inclusion and Diversity Policy outlines our commitment to an inclusive workplace culture that values diversity and promotes equal opportunities.

For further information on our Inclusion and Diversity Policy and Reconciliation Action Plan commitments, visit our website.

Woodside aims to drive inclusion and diversity by, among other things:

- Respecting the unique attributes that each individual brings to the workplace and fostering an inclusive values-led culture;
- Providing diversity education and training as well as undertaking diversity initiatives and measuring their effectiveness;
- The Board approving and reviewing progress against Woodside's Inclusion and Gender Diversity Strategy; and
- The Board annually reviewing the measurable objectives it has set for achieving improvement in Woodside's diversity mix and the progress in achieving those objectives.

In 2019 we advanced our strategy to drive sustainable improvements in gender diversity at all levels of the workforce. Female representation increased to 31.8%, from 30.4% in 2018, and remains higher than the industry average of 23.9% (Workplace Gender Equality Agency, 2019). Voluntary turnover of women is 3.5% and the return rates from parental leave remains high at 97%. Executive female representation has decreased slightly since 2018 from 24.4% to 23.4%, while senior female representation has continued to increase to 21.1% (19.3% in 2018).

We continue to build our female talent pool through our development programs. In 2019, the intake for trainees and apprentices in Karratha was 45% women. The overall percentage of offer and acceptances for the 2019 graduate development program for women was 52%. 51% of offers for the 2020 graduate intake were to women.

Woodside is committed to creating opportunities for Australian Aboriginal and Torres Strait Islander peoples. In 2019 we commenced the fourth year of our third Reconciliation Action Plan (RAP), which Reconciliation Australia has awarded its highest rating of 'Elevate'.

Over the past 12 months, Woodside has:

- Increased our directly employed Indigenous workforce from 128 employees (3.7% of total workforce) to 140 employees (3.7% of the total workforce).
- Maintained our retention of Indigenous employees. Indigenous turnover remains low at 3% which is equal to overall organisational turnover.
- Continued to strengthen our talent pool through our pathways programs. In 2019 we had three Indigenous candidates start the graduate development program. 14 Indigenous students are undertaking the 2019/2020 summer vacation program with Woodside and 32% of our current Karratha-based trainees and apprentices are Indigenous.
- Provided greater high school and university opportunities to Indigenous people.

- Continued to exceed target for Indigenous participation in our pathway programs, such as traineeships and apprenticeships, with 47 participants in 2019. The strength of these programs has continued to grow with 80% of eligible participants gaining direct employment with Woodside this year.

Woodside recognises that cultural awareness is a key enabler to maintaining a respectful and inclusive workplace culture. In 2019, 695 participants attended cultural learning sessions. This included coaching workshops, online cultural awareness courses and on-country cultural learning walks in Perth and Karratha.

2020 measurable objectives

- **Increase the percentage of women employed by Woodside in mid-level professional roles, senior roles, executive roles and overall;**
- **Maintain female turnover in mid-level professional roles, senior roles, executive roles and overall that is equal to or less than organisational turnover;**
- **Maintain gender balance in Woodside's graduate intake and increase female representation in trainee and apprentice pathways;**
- **Increase the number of senior women who are ready to move into executive leadership roles;**
- **Maintain not less than 30% of directors of each gender on the Board;**
- **Increase the percentage of Indigenous employees employed by Woodside;**
- **Maintain Indigenous employee turnover that is equal to or less than organisational turnover;**
- **Provide education opportunities in inclusive leadership and unconscious bias; and**
- **Support inclusion through Woodside's diversity employee networks.**

Woodside will report on progress against these objectives in its 2020 Corporate Governance Statement.

Further information regarding Woodside's commitment to inclusion and diversity is available in Woodside's Sustainable Development Report 2019 which is available in the Sustainability section of Woodside's website.
