

Quality Policy

OBJECTIVE

Outstanding quality performance is essential to sustainably meeting business and stakeholder objectives and obligations.

Our aim is to be recognised as an industry leader, applying quality management principles to ensure that development and operational opportunities are realised to create value and that associated risks are controlled to protect value.

PRINCIPLES

To meet the objectives of this Policy, Woodside will:

- Demonstrate a commitment to quality at all levels in the organisation
- Establish objectives and obligations associated with development and operational activities
- Identify and assess quality-related risks and opportunities and implement appropriate management system processes, controls and resources
- Cascade quality management requirements through the Woodside supply chain
- Monitor and assess execution of the quality activities to provide assurance
- Apply risk-based quality verification to demonstrate conformance
- Evaluate quality performance and implement improvements to enhance value

APPLICABILITY

Responsibility for the application of this Policy rests with all Woodside employees, contractors and joint venturers engaged in activities under Woodside operational control. Woodside managers are also responsible for promotion of this Policy in non-operated joint ventures.

Approved by the Board in April 2021
