Pathways

Employment

No matter your starting point, we support and prepare you to work with us.

Traineeships highlighted in blue are pathways offered under our Indigenous Employment Program. We welcome applications from Aboriginal and Torres Strait Islanders.

This traineeship is offered in Karratha and Perth.

 **PROGRAMMED**

 **Woodside Energy**

TERTIARY PATHWAYS

Start here: **Pathways** —————> Or start here: **Graduate Development Program** —> **Employment**

Woodside is proud to embrace diversity. We strongly encourage applications from Aboriginal and Torres Strait Islander and female students.

Woodside Scholarship Program

- + For students currently studying at university or who have received a current offer from an Australian university.
- + Offering financial support throughout degree, annual paid work experience and early consideration to our Graduate Program.

Summer Vacation Program

- + For students in their penultimate (second to last) or final year of university.
- + 12 week paid internship including meaningful projects aligning with your degree.

Better Future Pathway Program

- + For students who are earlier in their university studies (First or Second year).
- + 12 week paid internship including meaningful projects aligning with your degree.

Direct Hire

- + Students who have completed their university studies can join Woodside's Graduate Development Program.

Graduate Development Program

Our Graduate Development Program delivers you three years of structured development with carefully designed job rotations and activities that will broaden your career horizons.
