## ABOUT WOODSIDE

---

**Woodside is the pioneer of the LNG industry in Australia and the largest Australian natural gas producer.**

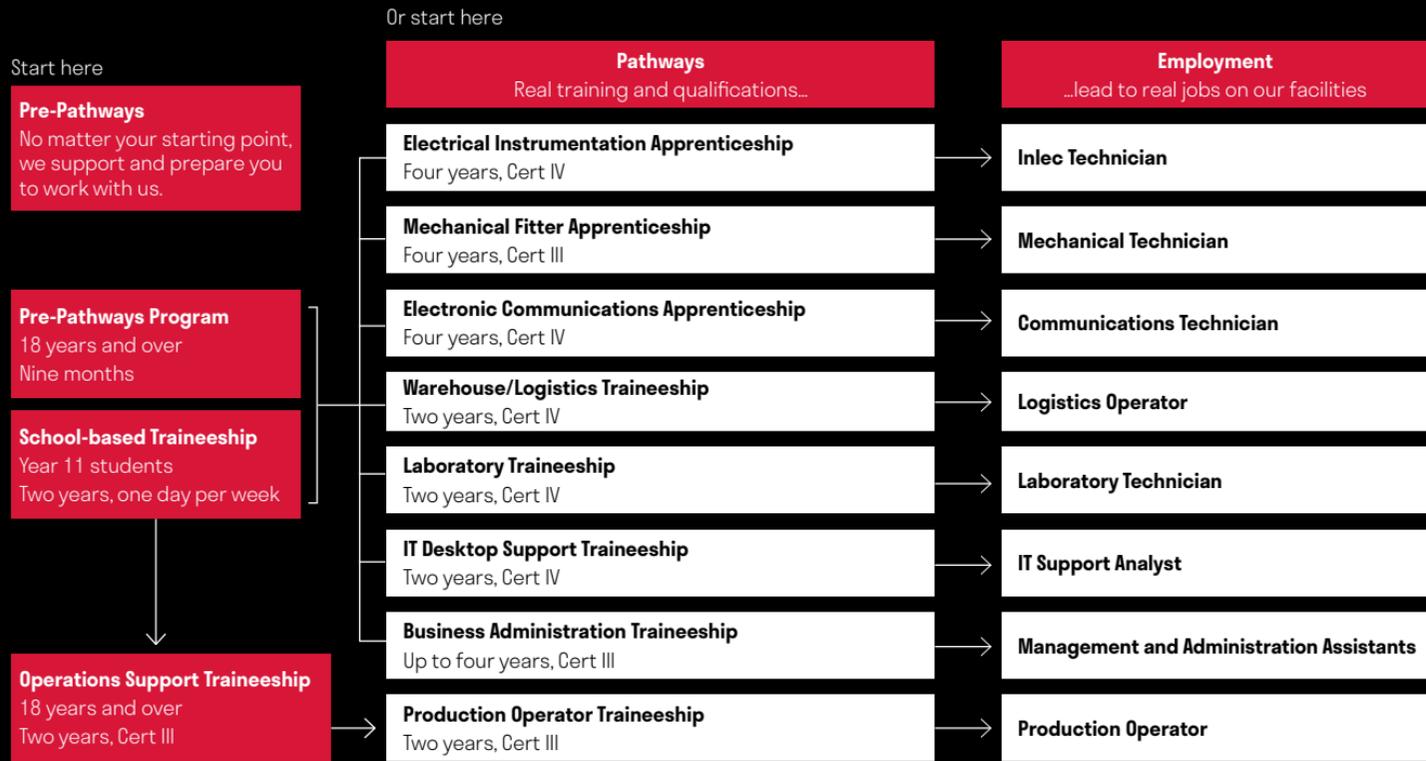

We value the contributions Indigenous Australians make to our business, as community members and employees.

We're committed to increasing opportunities, and are recognised for our leading role in the Australian oil and gas industry. As part of our Reconciliation Action Plan (RAP), we have a dedicated team overseeing a range of pathway programs and support options.

Our team would love to hear from you:  
**[IndigenousEmployment@woodside.com.au](mailto:IndigenousEmployment@woodside.com.au)**

You can also submit an expression of interest any time at

# APPRENTICESHIPS AND TRAINEESHIPS IN THE PILBARA

Based in Karratha, Western Australia, our technical and non-technical pathways programs lead to real, Certificate-level qualifications, and real jobs – all on our world-class operating facilities.

We've invested significantly in shared community infrastructure and initiatives that ensure the Pilbara remains a great place to live, work and raise a family.

Applications for Apprenticeships and Traineeships are managed by our partner Programmed, and usually open mid-year to start the following year. Available disciplines may change from year to year. Visit [www.jobs.programmed.com.au/woodside](http://www.jobs.programmed.com.au/woodside) for the latest information on dates and how to apply.

## MORE ABOUT OUR WORK

---

**Inlec Technicians** maintain, repair, calibrate and rebuild electrical and instrumentation equipment that is critical for processing oil and gas.

**Mechanical Technicians** use a range of fault finding methods and engineering techniques to maintain, repair and rebuild mechanical process plant equipment.

**Communications Technicians** install, fault-find and repair equipment for radio communications, fibre optics and telephone networks.

**Logistics Operators** work with forklifts to load and unload supply vessels, and fill orders in warehouses - selecting, packing and sending goods to customers.

**Laboratory Technicians** support the laboratory analysts by preparing equipment, solutions and standards and performing basic laboratory tests.

**IT Support Analysts** prepare IT hardware and set up, configure and remove desktop computers. They respond to user faults and assist in solving hardware and software issues.

**Management and Administration Assistants** make sure our business runs smoothly by taking responsibility for a wide range of organisational tasks and ensuring processes are followed.

**Production Operators** provide a safe place to work by monitoring equipment, processes and people, conducting maintenance and responding to incidents.

# TRAINEESHIPS IN PERTH

---

**We offer one-year traineeships in Business Administration in Perth, based at our award-winning Mia Yellagonga headquarters.**

Mia Yellagonga ('place of Yellagonga') recognises the language, culture and connection to place of the traditional owners of Perth, the Whadjuk Noongar people. Woodside's Indigenous employees worked closely with community leaders to ensure culture is appropriately and authentically represented.

Applications for Business Administration Traineeships are managed by our partner Programmed, and usually open in October or November to start the following year. Visit [www.jobs.programmed.com.au/woodside](http://www.jobs.programmed.com.au/woodside) for the latest information on dates and how to apply.

# STUDENT AND GRADUATE OPPORTUNITIES IN PERTH

---

**If you're studying at high school or university, we can support you on your journey and connect you with our award-winning summer vacation and graduate programs.**

We offer a range of direct scholarships to high school and university students - whether you want to work in our industry, or in the community. We also contribute to key education outreach, engagement and support programs.

We like to invest in building relationships early, by looking to understand your aspirations and needs and creating opportunities for you to get to know our people and our work.

# WHAT TO EXPECT

---

While trainees and apprentices are employed by Programmed, you can expect the following from Woodside:

- Work on world-class operating assets and development projects, alongside industry leaders. Perth roles are based at our new, award-winning headquarters facility, Mia Yellagonga.
- Values in action.
- Active employee networks for gender equality, Indigenous employees, reconciliation, and LGBTI+ staff and allies.

Direct employees of Woodside have successfully completed training and studies and are eligible for our full range of benefits. We offer a competitive remuneration package, featuring performance-based incentives, share plans, above-industry superannuation contributions and a generous health insurance allowance.
